“We thank you so much for our wonderful house. Not only is the design fantastic, but you facilitated the process so that the project didn’t bog down / You listened to everyone, stated your own perspective, then came up with a solution for the problem / We could not have done it without you.”

- Barbie & Bill W., Northampton, MA

“We continue to be delighted with your work. As the owners of a property on the National Historic Registry, we knew we could rely on you; and the changes are both practical and in keeping with the house’s original design.”

“Rob is a consummate professional and unlike so many today in his profession and others, he balances his thoughts while ‘listening’ to the desires of his clients.
